

# ES200U

## Versatility and Simplicity in one projector.

### Light & compact

Mitsubishi's ES200U weighs just 2.4kg, for excellent portability, and offers and impressive 2400 lumens of brightness. Whether used in a meeting room, classroom or sports venue, crystal clear images are produced even in ambient light.

### Usability

#### Wall Screen

Offering a wide range of versatile functions, the ES200 comes equipped with Wall Screen functionality. Capable of projecting images onto white-boards, light yellow, blue, light green and pink walls, this projector is ideal for even the most challenging environments.

#### Direct Power Off

Featuring a direct power off function that immediately cuts all power, this projector can power down quickly and easily without causing damage to the unit. Ideal for presenters on the move, users can simply turn off the power, disconnect the projector and get ready to go.

### Top-loading lamp

The projection lamp is installed in the upper section of the main body. Whether sitting on a shelf or suspended from the ceiling, lamp replacement is simple and easy<sup>\*1</sup>, and there's never a need to move the whole projector.

<sup>\*1</sup>; A lamp replacement attachment is included to prevent the lamp from being dropped during replacement.

### Ecological & Cost-efficient

#### Long 4,000hr Lamp Life

By increasing the estimated lamp life, we've added the advantages of lower maintenance and reduce operating costs.

#### Stand-by Mode under 1W

Stand-by mode power consumption is less than 1W, offering increased energy savings and further contributing to environmental preservation.

### BrilliantColour™

Mitsubishi Electric's original built-in colour wheel is incorporated for enhanced colour reproduction. Clear vivid images are reproduced from computer and video-player signals.

- 2400 ANSI lumens
- 2000:1 contrast ratio
- Up to 4000 hour lamp life
- Dual RGB Input terminal

**Brighter display solutions**
